ACMS. ABYC. MCA.

FLORIDA NAUTICAL SURVEYORS.
Marine Surveyors & Consultants

File # 903PG24
Date: SEPTEMBER 3, 2024
Vessel's Name: "NO NAME"
Requested By: JOE LIESER
Type: 38' CENTER CONSOLE
Builder: BOWTON WHALER 380 OUTRAGE
Model Year: 2021
Year Built: 2020
Power: THREE GASOLINE OUTBOARDS
Hull # BWCE0285G021
Off. # FL 3876 SV
Valuation: **600,000 U.S.DOLLARS**
Replacement Value: **1,400,000 U.S.DOLLARS**
Surveyed By: TONY McCORMACK CMS - ACMS. MCA. ABYC
In Water: MARINEMAX, ST PETE, FLORIDA
Hauled: AS ABOVE
Sea Trailed: ICW, ST PETE, FLORIDA
In the presence of: CAPTAIN & SURVEYOR

The undersigned places an approximate value of **600,000 U.S. Dollars** on subject yacht "NO NAME 380" based on recent selling prices of similar vessels of like type, size, age, manufacture, construction, condition, power and equipment, all fairly depreciated. Also on this surveyors personal knowledge of the local market, Yachtworld.com, Soldboats.com and other material at hand.

This valuation is intended for insurance and valuation purposes only and is not intended to influence the purchase or non-purchase of subject vessel.

Engine survey was not requested or performed by this surveyor. If this is required it is suggested that an engine surveyor be contracted to carry this work out.

Note: The tanks were not full at this survey and it is suggested that they be filled to prove integrity.

Note: All surveys call for all USCG, NFPA and ABYC deficiencies to be noted and a fair approximate local geographic market valuation to be made.

Note: A mold test was not performed during this inspection.

Documents: Florida registration not sighted.

SURVEY REPORT FOR “NO NAME 380”

CONDITION & VALUATION

The undersigned places an approximate value of **600,000 U.S. Dollars** on subject yacht “NO NAME 380” based on recent selling prices of similar vessels of like type, size, age, manufacture, construction, condition, power and equipment, all fairly depreciated. Also on this surveyors personal knowledge of the local market, BUC book, Yachtworld.com and other material at hand.

This valuation is intended for insurance and valuation purposes only and is not intended to influence the purchase or none purchase of subject vessel.

Underwater Hull Areas & Running Gear:

The underwater areas were fully sounded with a phenolic hammer and no delamination or gel-coat blisters were noted.

All of the running gear was inspected and found good.

Topsides:

All of the topsides were found good with no dings or scrapes noted. The small integral swim platform was found secure and doubles as the outboard mounting platform. The swim ladder is concealed at the starboard side transom.

Exterior:

The vessel comes with the standard layout and as listed previously in this report was well found. All equipment was found in good condition. Small side decks and console walk around lead forward to a centerline windlass in a hatched compartment.

Cockpit:

The cockpit is a good size and comes with deck hatches for access to the bilges. Also in this area are fish boxes to port and starboard with a live well in the transom. Forward seating area has a table.

Helm:

The helm was found good with all gauges and controls easy to hand. Three seats are just aft. This area is well protected by the hard top and dodger. The head/cabin is forward of the helm thru a hatch on the port side.

SURVEY REPORT FOR “NO NAME 380”

Machinery Space:

This area is accessed from the cockpit through a hatch below the powered aft bench seat. The three outboards have removable cowlings for engine access. All three outboards ran well during sea trial and there are no apparent leaks. The generator carries vessels electrical load.

Overall the vessel was found in good condition and has been well maintained.

Items below noted with ** should be considered priority items. All other items are maintenance related or cosmetic.

- ** Anchors, Safety wire all shackles.**
- ** Fire Extinguishers, Service and date tag.**
- ** Flares, Purchase and store on board.**
- ** Built in Fire System, Service and date tag.**
- ** First Aid Kit, Purchase and store on board.**
- ** Type IV Flotation Device, Purchase and store on board.**

Findings:

1. The port spreader light has a LED not working.
2. The live well pump runs but no water discharges in to live well.
3. Stress cracks at dive door handle lock base mounting area noted.

HIN

BWCE0285G021

The above represents the opinion of the undersigned based on the facts presented and the discoveries made while surveying subject vessel “NO NAME 380” with no warranty either specific or implied being made. While not limiting the generality of the above, this survey specifically does not cover certain latent defects that could not be discovered without the removal of decking, sheathing, tankage, joinery work or other fixed materials, disassembly of machinery, plumbing, wiring or other fixed parts.

This report represents the opinion of the undersigned and is issued subject to the condition that it is understood and agreed that neither this office nor any surveyor or any employee thereof is not under any circumstances what-so-ever to be held responsible in any way for any error in judgement, default, negligence, omission, nor for any inaccuracy, mis-representation, or mis-statement in this report, and that the request and use of this report shall be construed as acceptance of the forgoing.
