DESCRIPTION

SELLING AT AUCTION In partnership with Boathouse Auctions, the 80' Ocean Alexander motoryacht JUSMAD is offered at auction with no reserve and will be sold to the highest bidder. The official viewing period opens October 9, 2026, giving prospective bidders the opportunity to inspect the yacht in person and complete due diligence before the auction. Live online bidding will take place November 5, 2026. Full auction details, marine and mechanical surveys, etc., can be found at: <https://bit.ly/4y93cN0> **TO REGISTER TO BID:** 1. Visit the auction page using the link above. 2. Click the yellow "Register to Bid" button. 3. Wire the \$75,000 bidder deposit. For additional information or assistance, please contact Glenn Runyan at +1 954 504 7116 or grunyan@hmy.com.

JusMad is a stunning example of the highly regarded 78 model, skillfully extended to 80' during her build to maximize space and functionality. For the past 13 years, she has been privately enjoyed by her current owner, exploring the USA and Caribbean in style.

This yacht boasts a spacious main salon and dining area, remarkable for her size class. The interior was updated in 2023 by SHELLY INTERIOR. The custom cherry woodwork, a \$500,000 upgrade, remains in impeccable condition, radiating timeless elegance. A significant interior refit by Yacht Interiors by Shelley enhanced her with all-new soft goods, carpeting, galley appliances, and granite countertops. During this upgrade, key systems were modernized, including a new toilet system, updated navigation equipment, compressors, air handlers, larger TVs, electric blinds, and surround sound, ensuring a luxurious onboard experience.

Below deck, JusMad accommodates up to six guests in three beautifully appointed staterooms. The full-beam master suite features a king-size bed and an expansive ensuite with his-and-hers heads. The VIP stateroom offers a queen-size bed, while the third cabin provides twin beds—both with private ensuites. Adding to her sophistication, the onboard art collection includes a vase by renowned glass artist Dale Chihuly.

DESCRIPTION CONTINUED

The enclosed skylounge and helm serve as versatile spaces, with a convertible table that lowers to form an additional berth. The bridge is notably impressive for a yacht under 100', offering excellent visibility and effortless maneuverability with a wireless remote, bow, and stern thrusters.

Outdoor spaces shine as well, with an aft lido deck featuring a custom settee and chairs, along with ample space for a tender. A standout feature is the 3,000-pound davit—an upgrade from the original 1,500-pound capacity—designed to handle a 17' Walker Bay tender (not included in the sale).

The crew quarters are thoughtfully designed, featuring a queen-size berth, suitable for a single captain or a couple, ensuring comfort for extended journeys.

Meticulously maintained by a professional crew, JusMad is in exceptional condition. Her engine room is pristine, housing twin 1,500hp MTU engines that deliver ample power for swift travel while offering the flexibility of an economical cruising speed.

With her combination of elegant design, modern upgrades, and outstanding performance, JusMad is a true standout in her class, ready to deliver luxurious adventures to her next owner.
