Overview

Risk & Reward is a custom 120' Pilothouse built with great care by Crescent Custom Yachts located in Vancouver, Canada. Crescent is still very much in business, offering new builds of several models and the support of vessels built earlier, like Risk & Reward. Risk and Reward was designed by Jack Sarin, a well-known designer of timeless styling, seakeeping ability and fast cruise stability. Risk & Reward cruises at 17 knots with a max speed of 21 knots. Risk & Reward has had three owners, all giving her the love and care she needs. Risk & Reward's interior designer at build was Robin Rose. Robin's design offers a wonderful flow of the interior, beautiful raised panel mahogany, and an excellent selection of stonework throughout. The second and present owners did major interior upgrades, including all furnishings, soft goods, carpeting, motorized linen salon shades, electric motion-detecting salon entry doors and state of the art AV system. There is a complete list of the upgrades found within the listing specification.

Key Features

- At rest (Zero) Stabilization
- Low hours on machinery
- New furnishings and soft goods
- Spacious interior with four staterooms plus gym
- Electric motion-detected salon entry doors for convenience
- Audio/Visual system for your entertainment
- Extremely well-maintained and ready to cruise

Walkthrough

Risk & Reward has several access points to enter the vessel. One can enter the vessel from either side amidship via a boarding ladder. The most used method to enter the vessel is through the double electric doors on the aft deck. Once one enters the double doors, one will find a spacious salon. The salon is light and airy with light fabrics and furnishings accented by warm and beautiful raised mahogany cabinets. The salon is furnished with a large settee to port with an armchair and coffee table, and to starboard, one will find two armchairs, one with an ottoman. Forward in the salon, one will find the formal dining for 8 in comfortable fabric chairs on a beautiful Mahogany table. The entire salon and dining area has plush carpet recently replaced.

From the dining room, one can go forward to starboard, where one will find a formal foyer with an entrance door to the vessel, a hanging closet, and the huge country galley. The country galley has a center island plus a U-shaped settee with a table and two chairs. All soft goods were replaced recently. The galley is light and bright with light colored cabinets and white countertops. There is a tremendous amount of light through the large windows. Galley has a full entertainment system with a 32" Samsung TV.

If one goes forward from the galley and down a set of steps, one will reach the VIP with a queen berth, bathroom with a shower, a large closet, and ample storage. There is full entertainment with a 34" Samsung TV.

From the salon/dining area, one can go forward to port to find another entrance. In this entrance one will find the day head. Here, one can go down a set of stairs to a guest foyer where one will find a master cabin forward with a king berth, settee to starboard with entrance to a large bathroom with two sinks, a large shower, toilet, and vanity. To port is a huge walk-in closet with hanging, storage, and shoe racks. There is ample storage throughout the master and an entertainment system with a 42" LG TV. Moving forward in the guest foyer, one will find two guest cabins, one with a twin berth and pullman, the other with a queen berth, both with an ensuite bathroom, a shower, a closet, ample storage, entertainment, and a TV.

From the middle of the guest foyer, one can find a small cabin used as a gym with a Peloton bike and other equipment. Across from the gym one will find a discreet closet that makes up a laundry area with Bosch washer and Miele Pro dryer.

Back at the formal foyer on the starboard side, one will find a set of steps to the raised pilothouse. The pilothouse is well equipped with all the nav and communication one would need. The pilothouse is equipped with a helm seat, a small office area with a desk and chair, and a raised settee with a teak table. From the pilothouse, one can go up a short set of steps to find a spacious bridge deck with a full helm with two helm seats and an additional helm seat to starboard. There are two large settees on either side with beautiful teak tables and teak chairs, a perfect place for lunch or dinner. This area is covered by a custom hardtop, keeping guests out of the weather and sun. The bridge deck is finished with beautiful teak decking. Going aft on the bridge deck, one will go down three steps to the Sun deck, where one will find a complete bar with ice maker, fridge, Bar-B-Q, and three bar stools. There are sun pads on either side with a Jacuzzi forward of the starboard sun pad. The Jacuzzi can be covered to make an additional sun pad area. Further aft is a large sun lounge with storage underneath, and two jet skis to either side with a crane to launch and haul the jet skis. To starboard, there is a stairway to the aft deck. The stairway has a cover so the weather does not come onto the aft deck area.

Once on the aft deck, one will find a large settee with a beautiful teak table and three teak chairs.

Forward and to port on the aft deck, one will find a beautiful stone bar top with teak trim and four swivel bar stools. One can go aft on either side of the settee to find a wide set of steps taking one to a huge swim platform, perfect for all the water sports and tender use. From the swim platform, one can go through a watertight door to reach the lazarette, crew area, and engine room. This area also has access from the aft deck through a doorway and a set of stairs below. Crew quarters have three cabins and three heads, accommodating six crew.

Among the many attributes of Risk & Reward, she also has walk-around covered decks giving guests and crew safe passage from bow to stern. Risk and Reward's 25'7" beam gives her ample interior volume while offering the covered walk-around decks. Once on the bow, one will find a bow seating area, a perfect spot when coming into your favorite port.

2022/2023 Updates

- Main Engine 1500hr service performed
- Turbos serviced on main engines
- 4000hrs of Service performed on generators
- Redundant hydraulic stabilizer cooling pump
- Shaft seals
- Bottom job
- Running gear serviced and alignment
- Props balanced and conditioned
- Reinforced cleats to tie tender off
- Diesel fuel transfer system to fuel sport boat
- Reinforced doors and hinges on bosun locker storage, and storage lockers throughout
- Painted inside all lockers
- Re-caulked teak decks
- Starboard anchor windlass motors rebuilt
- Major interior updates performed throughout
- New carpet in main salon and forward staterooms
- New large U-shaped sofa in main salon
- New main salon coffee table
- New TV frame in main salon
- Dining room table refinished
- New additional galley refrigeration with custom cabinetry
- All stone countertops polished and film-coated protection
- New hot water heaters in the crew and master
- New (2) 16-person life raft
- Spare parts inventory

Other Updates

- Major interior/exterior refit (2020/2022)
- Navigation upgraded (2020/2021)
- New Zero Speed Stabilizers
- New upgraded A/V systems, Plex media, Apple, and frame TVs
- New flybridge enclosure
- New Garmin screens
- New Furuno 72 Mile 25KW radar 6' array
- New Siren bilge monitoring system
- New (2) 16-man life rafts
- New aft flybridge deck box/sun lounger
- 2018 Jet skis completely serviced (Sept 2021)
- New davit cradle installed (Sept 2021)
- Teak decks sanded and sealed (Sept 2021)
- New Pompanette teak dining chair for aft deck
- New salon glass entry doors (March 2021)
- New salon section sofa (Feb 2021)
- New Miele's in the crew quarters
- New refrigerator and ice machines in the crew quarters
- MTU engines serviced completed (Sept 2021)
- New ABT Zero Speed Stabilizers installed (2020)
- New A/V system (2020)
- New navigation electronics (2020)
- New Head Hunter sewage treatment plant installed (2020)
- New teak flybridge and swim platform (2020)
- Renewed flybridge windscreen (2020)
- All windows are covered with VCool (2020)
- Complete interior refit (2020)
- Completely new galley (2020)
- New pilothouse windows (2020)
- New AC chiller plant (2018)
- KVH HD7 Sat system (New 2017)
- W-6 overhaul on her main 2000 HP MTUs (2016)
- Generator top-end overhauls (2016)
- New Garmin electronics package (2016)
- Full repaint Roscioli Marine (2013)
- Second watermaker installed (2020)
- New anchor chain (2020)
- 100-Amp receptacles for shore power added to bow (2020)
- Running gear inspected and tuned (shaft, prop, and bearings) (2020)
- Rebuilt bow thruster (2020)
- Salon, galley, and master blinds improved to electronic remote control (2020)
- New ASEA frequency converter (2018)

Salon and Dining Area

The main dining area features a beautiful high-gloss mahogany table with seating for up to eight guests. The recessed architectural design and overhead lighting provide an unmistakable feeling of elegance while dining in the openly connected salon dining room area. This spacious and beautifully decorated living area provides an ideal location to dine and entertain guests with pure relaxation while enjoying the comforts and beauty. Full entertainment center with 55" Samsung TV.

Galley/Country Kitchen and Laundry Equipment

The galley area is extremely generous with interior space. Centrally located near the pilothouse, this country kitchen style galley is complete with a large dining table for six guests. The area underwent a complete refit in 2020. No expenses were spared on the materials used in the refit from leather upholstery to limestone and quartzite countertops and flooring. In addition, all new appliances were installed on the forward side of the island in 2022.

- Granite island with custom (2) Atosa under-counter refrigeration
- Sub-Zero 47" built-in stainless-steel refrigerator/freezer
- Dacor stainless steel convection microwave
- Miele stainless steel oven
- Miele stainless steel warming drawer
- Miele built-in coffee/espresso station
- Miele stainless steel dishwasher
- Fisher & Paykel double drawer dishwasher
- Monogram induction 5-burner ceramic top cook top with overhead exhaust system
- Miele stainless steel range hood
- Nantucket stainless steel under-mount sink
- Removable spray faucet
- Filtered water tap
- Insinkerator disposal
- Insta-hot tap with filtration system
- Red wine rack built into the island
- Subzero wine chiller built into the island
- Samsung 32" LCD TV on swivel mount
- (4) Stereo speaker
- (8) Drawers in the island
- (4) Door pantry with (5) pullout drawers and (2) fixed shelves
- 6-Person upholstered settee with large under-settee dry storage and (2) Serena and Lilly chairs
- (2) Cabinet doors above settee access with (2) hidden stainless steel Traulsen refrigerator/freezers (behind settee)

Laundry Area

Adjacent to the foyer area is the laundry room. This space can be used by the owner and/or crew for laundry items. This area can also double as a workout/gym space to house free weights or a Peloton bike. To the opposite side, across from the laundry area are the Bosch washer and Miele Pro dryer located discretely in a closet out of sight.

Master Stateroom

The master stateroom is entered from the foyer by two large double mahogany doors. The interior finish of the master cabin is all raised-panel mahogany cabinetry. A large king-size berth holds drawer storage below with twin his and hers nightstands with granite tops and wool carpeting throughout. A large walk-in cedar-lined hanging closet has ample space and shoe racks. The entertainment center provides a 42" LG TV, Marantz AV Sound System, with a complete entertainment system with streaming music and TV. There is a never-ending amount of drawer and hanging locker space throughout. The master cabin is rich in quality mahogany wood finishes to appeal to the most discriminating eye.

The master head has a port side entry via a raised panel mahogany archway. This space provides a large L-shaped vanity with endless storage, matching his and hers large under-mount Kohler sinks with Jado fixtures set in granite countertops. Over the countertops are recessed beveled glass edge mirrored medicine cabinets.

Guest Staterooms

Entering from the foyer forward of the master cabin, the port guest stateroom provides a queen-sized berth, complemented by an upholstered headboard, beautifully beveled edge mirror, and mahogany ceiling soffits. The space also boasts granite-topped nightstands on opposing sides with three drawers in each, a cedar-lined hanging locker with cedar-lined drawers, and a safe. Both guest cabins have a complete entertainment system with streaming music and TV on a 32" Samsung TV.

The port guest head has marble flooring with a granite border and matching countertops, a full-size headhunter royal flush, a Kohler undermount sink, and full-size shower with matching tiles.

The starboard guest stateroom provides two twin-size berths, with upholstered headboards, and granite-topped nightstands with drawers. There is a Pullman berth mounted to the inboard side of the stateroom to accommodate a third guest. There is also a cedar-lined hanging locker with a safe.

The starboard guest head has black tiled flooring with a granite border that also matches the countertop, a Kohler under-mount sink, a beveled edge mirrored medicine cabinet, and a royal flush Headhunter head. There is a clear glass shower stall with handheld and wall-mounted fixtures with a granite seat.

VIP Stateroom

Forward of the country kitchen, and with its own private entry, is the beautiful stairwell with mahogany fluted and leather-wrapped handrail. There are granite floors in the foyer entry with raised panel double mahogany doors into the VIP stateroom. The space holds a large island-style centered queen berth and an arched beveled mirrored headboard. Two nightstands are accented by reading lights, as well as a walk-in cedar-lined closet, large drawer space on both sides of the stateroom, raised panel mahogany finishes throughout, and new carpeting. The entertainment system with streaming entertainment on a 32" Samsung TV is on the aft wall in the storage compartment.

The VIP head with vanity holds four cabinets and two small drawers, as well as an under-mount Kohler sink with granite countertops. There is ample storage throughout. A full-size Headhunter Royal Flush head and full-size steam shower tiled in crema Macrofi tiles, and a clear glass door complete the VIP head.

Audio Visual Equipment

- Streaming Entertainment in all cabins, main salon, galley and aft deck
- Main Salon - 55" Samsung
- Master – 42" LG
- VIP – 32" Samsung
- Guest and Twin - 32" Samsung
- Galley - 32" Samsung
- Aft Deck - 34" Samsung
- Pepwave MAX MK2 with Cat 6 modem
- Pepwave Max-BR1 with Cat 12 modem
- Aigean LD-70 All-in-One Wi-Fi extender dual band
- (4) Ubiquiti UAP Pro access point
- Ubiquiti Unifi Cloud Key Gen2+ with (1) TB Hard Drive
- UBNT networks Ubiquiti USA-16-POE Gen 2 switch 16 GB
- Unifi 8-Port Gigabit POE compliant managed switch
- Intellian V85NX KU band SAT antenna with ACU
- Intellian V85NX Dummy Dome to match
- IDirect i200 SAT modem
- Seawall firewall multi-WAN router
- APC UPS 1500VA smart UPS battery backup
- 24 Port Edge switch, managed switch 24x
- (2) Ubiquiti Unifi AP-AC long-range wireless access point

A/V Equipment

- (10) Crestron Exite speakers 6.5"
- Pair of Polyplanar MA6800 8" speakers
- Sonance DSP 8130 digital amplifier
- TS – AMS 24 24x24 audio matrix (whole ship's audio)
- Apple TV 4K 32 GB

Control 4 Equipment - Rackmount

- C4 – CA 10 self-redundant processor
- C4 – TT10BL 10" Flat panel remote control
- C4 – EA3 – V2 entertainment & automation controller (additional for salon)

Blinds

- (2) C4 – IOXV2 8 port expander for blinds
- (2) Somfy RTS wireless control

Interior Lights

- (2) GRX – CI – RS 232 Lutron controller with IP to control Lutron dimmers

Exterior Lights

- (2) C4 – DIN – 8DIM – E V2 dimmers
- (2) C4 – IOCV2 8 relay for 12 on/off lights
- DMX lighting for Namboard and underwater lights, 1 twin DMX controller
- 1DMX driver Domaudio C4 driver

Master Stateroom

- C4 – EA1 control 4 processor

Flybridge, Aft Deck, Galley, Pilot House, Guest Rooms

- (7) C4 – EA1 control 4 processor
- (7) 4K – ZACCAS 4 port HDMI switch
- Bond bridge driver for control 4
- 4 Configurable keypad 120V/277V

Pilothouse

Entering from the lobby area on the starboard side, there is an eight-step curved carpeted stairwell leading to the pilothouse. Upon entry, you are met with a centerline helm with a well-equipped navigation display and a Stidd helm chair. Portside has L-shaped style seating with granite countertops able to accommodate up to five guests. There are three full-size chart drawers and four smaller drawers for storage. The ship office is located on the starboard side with a desk, file cabinet drawers, and a navigation station that includes an Icom VHF and a Thrane and Thrane sat phone.

- (4) Sparton Rugged electronics display 19" screens for plotter, radar, weather, CCTV upgrade to touchscreen
- (2) Garmin 8700 black boxes
- Garmin AIS-800 black box transceiver with built-in GPS
- Garmin GMR XHD 72 nm radar scanner
- Furuno NAV Net radar
- Garmin 7610 plotter (Backup)
- Garmin GMI-20 marine instrument display
- HP Navigation computer – Intel Core i7, 16 GB RAM, 1TB SATA HD
- Two independent Nav computers, both running Time Zero Professional
- Intel NUC 10 Professional 17 DDR4 SD ram slot, 64 GB of memory
- Gefen MUX 4x4 EXT – DVIK VM – 444DL
- Garmin GMR 120x radar pedestal
- Furuno FI5001 wind transducer
- Furuno GPS/compass display, Icom ICM 506 VHF with remote mic
- Hepworth wipers with Exalto washer/wiper controls, 16,000 BTU "Defrost" air handler with heat
- Carlisle & Finch joystick searchlight control
- Jog steering control
- ABT bow thruster control
- Kobelt wheel position indicator
- Kobelt rudder angle indicator
- MTU digital engine controls
- MTU digital engine monitors
- Raymarine Ray 430 loud hailer
- Icom Command mic from flybridge VHF
- Emergency backup engine controls in the cabinet
- Flir M-232 thermal camera pan tilt
- CCTV – (2) engine room cameras, (2) side deck cameras (1 on Each Side), (2) aft deck cameras, (1) doghouse camera, and (1) flybridge camera. accessible remotely via WiFi
- 16 Channels TVI – AHD – analog plus IP DVR for cameras with 3 TB HD
- PTZ cameras
- 4MP IP mini dome cameras
- PTZ 2MP 4" network speed dome, 25x POE cameras
- Honeywell camera 800 TVL 2.8mm – 12m

Flybridge

The outside helm area has two Stidd helm chairs and a full array of navigational equipment. There are two port and starboard wing stations for docking. The flybridge has two levels and is partially covered by Crescent's custom fiberglass hardtop over the helm and dining/lounge area.

Moving to the aft flybridge deck area, there are two steps down to the lower level, which is a separate entertaining location in the open-air setting. This area is set up with a four-person hot tub with a sun lounge

cushion adjacent. To port is seating for three at a spacious outside full walk-around bar with a Corian bar top. Behind the bar is a large stainless steel Profire gas grill, an under-mount sink, a U-Line icemaker, and a U-Line drink refrigerator. There is a second sun lounging pad next to the bar area, as well. The teak deck stops at the aft section where the davit and jet skis are located. There is a large storage box with a sun lounging pad on top and teak lounge chairs.

Flybridge Helm Equipment

- Centerline helm, hinged for access with cover
- (2) Garmin GMI 20Marine instrument display
- (2) Garmin 12" 7612 full-function displays for plotter/radar
- Control 4 control
- Simrad AP 70 autopilot
- MTU Electronic engine controls
- Kobelt Wheel Position Indicator
- Main Engine start/stop switches
- MTU Digital engine readouts
- Icom M-604 VHF with remote speakers and mic
- Carlisle Finch joystick spotlight control, Kobelt rudder angle indicator
- ABT Bow Thruster Control
- Jog steering joystick
- Stainless steel helm wheel
- ABT Trac zero-speed stabilizer controls
- Icom command mic from the pilothouse VHF
- Wing station controls: Port and Starboard
- MTU electronic control
- Bow thruster control
- Kobelt rudder angle indicator
- Jog steering control
- Horn button cover
- Stidd helm chairs and covers
- Port and 20 starboard storage cabinets

Boat Deck

- Fiberglass nonskid decking
- Marquipt telescoping 2500-lb davit
- Engine Room intake/exhaust ports with filtered Air screens
- Curved steps from the aft deck with hinged covers and stainless-steel safety rail
- (2) Stereo speakers
- (2) 16-person "Sea Safe" life rafts with hydrostatic releases
- Stainless steel hoop rails aft on boat deck (additional middle rail installed in 2020)
- Varnished flag staff
- Removable WaveRunner chocks

Aft Deck

- Fully shaded by the boat deck overhang
- Teak over fiberglass decking
- (2) Aft Spring Line/Fairlead combinations for towing or tying up at the marina
- Fixed aft seating for 5 – 6 with removable Sunbrella cushions, storage below, and covers
- (4) Teak deck chairs with matching cushions and covers for additional seating at the varnished teak dining table
- Stainless steel side rails
- Portside cabinets with shower controls, hot and cold-water wash down, fire hose, and storage
- (2) Starboard side cabinets, 60-gallon gas tank (tested/certified 2020) for jet skis plus additional storage
- Walk-behind aft deck bar with two-level granite countertop and varnished teak bar face
- (4) Stainless steel stools with footrests and covers, undermount stainless steel sink, bar glassware cabinet, Fusion MS-NRX 300 stereo remote, U-Line drink refrigerator (New 2020), Manitowoc icemaker (new Sept 2021), drawer, cabinet with (2) sliding liquor cabinets
- Aft-facing camera for docking/towing
- (10) Teak tread curved steps to the boat deck
- Curved, stainless steel, and glass auto/manual door to salon
- Lockable door to the crew cabin
- Stereo speaker's hailer speaker
- Overhead hatch for custom swivel aft deck TV mount
- Complete entertainment system with music and streaming 34" Samsung TV

Side Deck

- Nonskid fiberglass decking
- Welded stainless steel side grab rails
- Dual custom cleats/fairleads built into bulwarks to keep side decks clear
- (8) Port and (8) starboard stainless steel deck lights
- (7) Port and (7) starboard freeing ports
- Portside hot and cold washdown spigots
- Frameless 3/8" dark-tinted windows with applied mullions
- (2) Midship hinged doors for side access
- (2) Midship sliding Freeman entry doors, starboard side into entry lobby
- Portside recessed storage area for Tiderider ladder in FRP bulwarks with 9-Step Tracey boarding ladder (dual handrails)
- (7) Port and (7) starboard overhead stainless-steel trimmed lights
- Port and starboard overhead cabinets for fishing rod storage, (4) each side
- Recessed clear Lucite wing doors – wind breakers
- Security cameras on both sides of the yacht

Foredeck

- Forward-facing bow seating and a large sun lounger with speakers (8" Polyplanar)
- Fiberglass nonskid decks
- Welded stainless steel bow rail on bulwarks
- (2) Maxwell 4500 hydraulic windlasses
- (2) Maxwell chain locks for pocket anchors
- (2) 395 Lb. Poole galvanized anchors with 350' of 5/8" BBB chain each (new chain in 2020)
- Solenoid-activated freshwater chain/anchor wash system
- Freeman deck hatch into the chain locker
- (2) Stainless steel fairleads bollard-style bow cleats
- Stainless steel bell tower with windlass plug-in controls and (2) down lights
- Dual Gull wing doors access storage areas in huge bosuns locker - extends full beam under sun lounge
- (2) Traulsen stainless steel freezers in bosun's locker
- Chest-style freezer in bosun's locker
- DC lighting in bosun's locker
- Large stainless-steel anchor striker plates at hull sides
- Kahlenberg (3) trumpet air horn

Swim Platform

- Port and starboard (5) teak trimmed stairs to aft deck (renewed 2020)
- Teak decking over integrated fiberglass swim platform (renewed 2020)
- (5) Stainless steel hoop rails with storage receptacles for tender boarding
- (2) Pop-up tender cleats
- (2) Freeman hatches into the rudder room
- (2) Hydraulic Maxwell 2200 warping windlasses with foot switches
- Hidden stern cleats with stainless steel fairleads
- (2) Stainless sockets for custom swim ladder
- Port, (2) starboard 100-amp 220-volt 3-phase shore cord inlets
- Overhead lights from the boat deck
- Underwater lights, (3) aft, (1) port, (1) starboard (new 2020)
- Flush mount rod holders
- Access to crew quarters through Freeman watertight door

Crew Area

The crew quarters provide a very large captain's cabin and two crew cabins. The space boasts newly installed wall coverings, quartzite countertops, and designer indoor/outdoor carpets.

The crew common area provides a dinette to accommodate three crew members. The galley has a drink fridge, sink, granite countertops, a Magic Chef microwave, and ample cabinet storage. Moving to the forward end of the crew area is the secondary laundry facility with a new Bosch washer/dryer (2020). There are two large storage lockers in the aft compartment with a weather-tight Freeman Pantograph door with access to the swim platform.

Captain's Cabin

The Captain's Cabin is to the starboard side of the crew area. There is a large queen-size berth with walk-around access and storage below, a full-size hanging locker, and chest drawers. The private head has an undermount Kohler sink with granite countertops, a mirrored medicine cabinet, and a Headhunter Royal Flush toilet.

Crew Cabin

Portside, there are two crew cabins that mirror each other. Both cabins provide over/under bunks, large cedar-lined hanging lockers, and ample drawer space. Each room has its own entertainment system with streaming music and TV, and a bunk area with reading lights. Both crew heads are private and custom-built with a shared common shower, granite countertops, Kohler sinks, mirrored medicine cabinets, and Headhunter Royal Flush toilets.

Engine Room and Mechanical Equipment

- Twin MTU 16V2000 TE 90 main engines 2000 HP @2350 RPM
- Engine hours: Port 2,245, Starboard 2,222 (Oct 2025) since rebuild
- DD655DC gears with 3:03 to 1 reduction
- 4" diameter Nitronic 50 high-strength stainless steel prop shafts, Tides Marine dripless shaft seals
- (2) 9.3 sq. foot stainless steel rudders with 5" Stock
- CCY Custom backlit fuel site gauges CCY custom fuel transfer manifold
- Main hydraulic system with (2) transmission-driven pumps & electronically driven backup pump, for thruster, stabilizer, and backup fire/bilge pump, windlass, davit, and stern windlass
- ABT Tracstar (stabilization at rest) – zero speed stabilizers
- (2) 21" Delta T automatic engine room ventilation systems
- Fiberglass sea chests with Lexan polycarbonate window surrounded by a 1/8" stainless steel plate with bleed valves
- Kobelt steering system with ACD/DC dual-pump hydraulic system
- Facet 90 GPM fuel coalescer and Flomax 8 220-volt fuel transfer pump
- Powder-coated aluminum diamond plate over aluminum framing with blue carpet overlay
- (6) Rule 3700 GPH bilge pumps Byrd Johnson 5-blade propellers
- (2) Vernay muffler systems, 14" diameter underwater exhaust with 10" diameter bypass
- Generator water/gas separators
- Oberdorfer ½ HP oil transfer pumps, (1) clean, (1) waste with meters
- Watermaker: 3800 gallon per day watermaker, custom-built by Flow Marine Systems
- Reverse osmosis by Headhunter
- FM-200 fire suppression system 170 lb. agent weight
- Fire pump system: (1) MP1 5HP electric and (1) MP1 5HP hydraulic units with (3) hydrants. Note: CCY custom-designated system with both an AC motor-driven pump and a hydraulically driven pump. Flow chart controls make it possible to pump from bilge to overboard, bilge to fire system, overboard to a fire station, bilge to overboard, and overboard to fire system simultaneously.
- Microm FA-200-E fire alarm system
- Air conditioning system custom-built by Flow Marine Systems
- Three-phase 208 volt with (3) 60,000 BTU compressors
- (19) Air handlers
- 200 CFM make-up air handler provides fresh air (located in salon)
- "Soft starts" for AC compressors
- Household air compressor in engine room with outlets in engine room, foredeck bosun's locker, and on flybridge with 10-gallon tank on flybridge for air horns
- Hayden super vacuum central vacuum system with (4) outlets
- (2) Headhunter Mach 5 - 20 GPM house outlet pumps
- Headhunter Tidal Wave HMX sewage treatment system
- Bosworth 110V waste pump 20 GPM
- (2) Rule 3700 GPM pumps for grey water system
- (2) Rule 3700 GPM pumps for aft crew sump
- CCY/Nostek custom touchscreen tank & ship's systems monitoring system
- Elbex CCTV with pan, tilt & zoom
- Ultra Tech water filtration system
- Manifold for oil change system with quick disconnect fittings, including sludge tank
- 5-Drawer stainless steel craftsman tool chest
- Analog pressure gauges for: main hydraulic system, stabilizer hydraulic system, steering hydraulic system, fuel transfer pump pressure, freshwater system pressure, chilled water system pressure, air pressurized fire line pressure

Tankage

- Diesel, 7000 gallons in (5) tanks, constructed of aluminum
- Gasoline, 60 gallons, constructed of aluminum
- Clean oil reserve, 100 gallons, constructed of aluminum
- Waste oil storage, 100 gallons, constructed of aluminum
- Hydraulic oil, 10 gallons, constructed of aluminum
- Freshwater tank, 1000 gallons, constructed of stainless steel
- Holding tank 350 gallons constructed of FRP & integral (plumbed to Headhunter waste treatment system)

Electrical System

- 120/208 Volt AC system - 60 Hz
- (2) 36 KVA ASEA shore power systems – 170V-520V single/three-phase capable
- (2) 55 KW Northern Lights generators in sound shields
- Generator hours: Port 4,934, Starboard 4,939 (Oct 2025) since rebuild
- Seamless transfer system between generators and shore power
- (2) Port & (2) starboard 100-amp 3-phase Hubbell shore power inlets
- (2) Bow 100-amp 3-phase Hubbell shore power inlets
- (6) 12-Volt Lifeline (24V) 8 D batteries for generators & house batteries
- (4) 8D Engine start batteries (new 2018), battery parallel system
- 12-Volt Group 27 battery for emergency radio
- (2) Magnum inverterchargers N15 4024 for house batteries
- Start power 10i charger for the emergency radio
- DC Emergency lighting system throughout
- (2) Fuji soft starts for ventilation fans
- Phase 3 20-amp battery charger
- (4) Perko battery shutoff switches dedicated inverter panel with (8) breakers
- Engine room DC panel with (24) breaker-protected circuits
- Engine room DC panel with digital voltmeter & (3) digital amp meters
- Engine room AC panel with (10) 220-Volt breaker-protected circuits for sub-panels & primary systems, Moeller touch screen ship's system/alarm panel in engine room
- (3) Digital power management multi-digital readouts

Broker Comments

Risk & Reward is a very well-built vessel that has been well maintained by her three owners and the professional crew she has had. All services are up to date with many major upgrades along the way. She is a turn-key ready to cruise vessel. You will not be disappointed at what you see upon inspecting her.
